**2 CPD POINTS**

Is radical car-stacking technology the answer to Perth's parking demands? City of Perth figures reveal the extent of the city's parking crush, with demand at the City's long-term commuter car parks at all time highs.

Are full city car parks "a fact of life"? Will the provision of car parking be a crucial issue for property values—how will the challenges be met? This forum will provide a detailed overview by three highly regarded specialists in this field.

- Mr Graham Kennedy, Fellow of the Australian Property Institute, National Head of Advisory, Jones Lang LaSalle (Australia) who will discuss CBD Car Parking
- Mr Patrick Abernethy—Manager, Off Street Parking City of Perth who will explain why the City of Perth is involved in Car Parking?
- Mr Larry Schneider—Strategic Parking Adviser AARB Group Car Parking will present on the theme of Car Parking being a very underestimated industry

Panel Discussion—Question time

You are invited to participate in question time at the conclusion of presentations.
