The Australian Property Institute (API) and the Financial Services Institute of Australasia (FINSIA) are pleased to present the 2007 Commercial Property Outlook Breakfast sponsored by Coffey Environments.

Presentations will address the current state of the Commercial property market. Please register early for an excellent opportunity to hear from leading property professionals and to catch up with colleagues and clients at this informative breakfast briefing.

- *David Cresp AAPI, Associate Director, Research Consultancy, Colliers International.*

David has thirteen years of experience in the Perth property market and is well regarded as Perth's leading source of property research. Increasingly his role is focused on providing consultancy property advice for particular projects and redevelopments.

- *Angelo Del Borrello, Managing Director, Aspen Group.*

Angelo was instrumental in the creation of Aspen Group over five years ago and is now responsible for the acquisition, development and funding of commercial properties and overseeing the business operations in general.

So what is the current state of the market and what factors will affect it in the medium to long term? This forum will appeal broadly to property and financial experts and is an excellent opportunity to hear from two leading professionals whose roles ensure that they are at the forefront of current and relevant information on the market.

The joint API/Finsia Commercial Property Outlook breakfast is a highlight of both Institute's continuing professional development calendars

Question time

David and Angelo are available for a Q & A session at the conclusion of the presentations.
